MELBOURNE, AUSTRALIA

50TH ANNUAL SCIENTIFIC MEETING OF
THE AUSTRALIAN AND NEW ZEALAND SOCIETY FOR IMMUNOLOGY

29 NOVEMBER – 2 DECEMBER 2022

WELCOME

The Organising Committee cordially invites you to participate in the **50th Annual Scientific Meeting of The Australian and New Zealand Society for Immunology** taking place from 29th November 2022 – 2nd December 2022 in Melbourne Victoria. As always, there will be an innovative and dynamic scientific program.

We are putting together a diverse and balanced program spread over 4 days to showcase the best immunological research from Australia and New Zealand, and from around the world with a wide range of topics from tumour immunology, inflammation, autoimmunity, infectious disease, translational immunology and more. We will ensure there is something for everyone. It will be an intellectually stimulating time, as well as an enjoyable opportunity to experience Melbourne and its unique environment.

The scientific preparations are well underway. The Organising Committee are also preparing an engaging social program to give you a flavour of Victorian culture and cuisine.

What makes Melbourne the cultural centre of Australia? Its diverse food culture, the relative ease and convenience of navigating its city... But there's another quality that makes Melbourne one of the unique cities in Australia – as the cultural capital of Australia, Melbourne is home to some of the best galleries, exhibitions, music and other entertainment venues in the country.

We look forward to welcoming you to Melbourne.

CONCLUSION

The world is constantly beset with an epidemic crisis, from Ebola to Avian Influenza, Cholera and just last year the new strain of a Coronavirus.

The science of Immunology is continuously researching, developing and discovering new ways to combat these threats to our health and that of the world.

Consequently, we are proud to present this annual important opportunity for likeminded scientists, researchers and clinicians to hear from the leaders in this science and just as importantly engage with them and each other.

Together we will continue to contribute to the health of our world.
